ANTIA

ACCESS

With ANTIA access you keep clubbing affordable, while at the same time supporting local night culture. Below you read the terms and conditions.

For just € 22,50 per month, ANTIA Access grants free entry to ANTIA events on Thursdays, Fridays and Saturdays that are part of our own programming.

You can start and stop at any time: ANTIA access is valid the same day, and lasts until the same week of the next month.

For ANTIA collaborations with other organisations, ANTIA Access members can enter for free until 00:00. After 00:00, regular event entry applies. These events will be clearly marked on the agenda with the label "COLLAB".

ANTIA Access does not include events labelled as SPECIAL, such as New Year's Eve events. These events will be clearly marked on the agenda with the label "SPECIAL". Private and business events are also excluded.

For sold out events: if they sell out ahead of time, you can enter freely before 00:00. If an event sells out at the night itself, max capacity rules apply.

Access pass holders receive a personalized QR.

To become an ANTIA access pass holder, you must be above the age of 18.

The subscription will be tied to your name, and a valid ID is required to verify upon entry. Membership is not transferable.

Our door policy, house rules and maximum capacity still apply, as does the door queue.

You can terminate the ANTIA access membership at any time. When you terminate, your ANTIA Access and related perks will stay active until it runs out and will not be renewed.

Automatic payment takes place monthly in the week your membership started, and grants access for the full subsequent month.

If the automatic payment cannot be completed, the membership becomes invalid.

The conditions and pricing of this membership may be subject to change. In case of changes, members will be notified at least one month in advance.

If behavior occurs that is in violation of the house rules and code of conduct of ANTIA, the membership can be terminated immediately without right to refund.

We only use your personal information to facilitate ANTIA access. ANTIA access will initially be launched as a limited pilot with 50 spots. If you are running into issues, please inform us.

ANTIA reserves the right to change or terminate ANTIA access.
